

TEOCO SmartServices™

EXPERT TELECOM FINANCIAL AND OPERATIONAL SERVICES

Our Audits, Revenue Assurance & Optimization backstop services save our clients between \$75-100M on average per year.

Improve Financial Performance Across Your Business

Today's Communications Service Providers (CSPs) face growing operational complexity, rising wholesale costs and increasing pressure to do more with fewer resources. Finding experienced telecom specialists is becoming more difficult, while the opportunities to improve profitability continue to expand.

TEOCO SmartServices combines decades of telecom expertise with proven methodologies and advanced analytics to help CSPs reduce costs, recover revenue, improve margins and optimize business performance. From one-time consulting engagements to fully managed services, our specialists become an extension of your team, delivering measurable financial results across your organization.

SmartServices Benefits

IMPROVE PROFITABILITY

Identify hidden savings opportunities and recover revenue that directly improves your bottom line.

FLEXIBLE ENGAGEMENTS

Choose project-based consulting, ongoing managed services or a customized engagement.

EXTEND YOUR TEAM

Access experienced telecom specialists without increasing internal headcount.

REDUCE COMPLEXITY

Simplify financial and operational processes through expert analysis and support.

ACCELERATE TIME TO VALUE

Leverage proven methodologies and best practices to achieve results faster.

TRUSTED TELECOM EXPERTS

Benefit from more than three decades of experience serving leading CSPs.

TEOCO SmartServices

A COMPLETE PORTFOLIO OF EXPERT TELECOM SERVICES

Whether you're managing wholesale costs, protecting revenue, improving margins or optimizing network expenses, SmartServices delivers specialized expertise across every stage of the telecom financial lifecycle.

COST ASSURANCE

Reduce wholesale expenses through comprehensive billing audits, contract compliance review, dispute management and cost recovery.

REVENUE ASSURANCE

Protect revenue by identifying billing inaccuracies, eliminating revenue leakage and improving financial accuracy across your business.

NETWORK OPTIMIZATION

Identify stranded assets, optimize contracts, reduce network costs and improve overall operational efficiency.

ADD-ON SERVICES

Highly experienced professionals dig deep:
Dispute Management / Recovery Opportunity Identification / Interconnect Cost Optimization / Vendor Contract Compliance

MANAGED SERVICES

Extend your team with experienced telecom specialists managing invoice processing, audits, analytics and day-to-day operational activities.

MARGIN ASSURANCE

Gain deeper visibility into customer, partner and service profitability with detailed financial analysis and margin optimization.

PROFESSIONAL & REGULATORY

Leverage trusted industry experts to answer your business assurance, cost assurance and regulatory requirements.

PROJECT-BASED OR FULLY MANAGED

Choose the level of support that's right for your business—from one-time health checks to recurring audit programs and fully managed services.

PROVEN IMPACT FOR THE WORLD'S LEADING OPERATORS

TEOCO manages more than \$3 billion in network cost invoices every month and delivers an average of 3-10% annual cost savings for its customers.

"TEOCO is filled with great people, all very responsive and able to answer questions. Everyone is literally an expert. There's never been a situation where we've had a question that they couldn't help us with."

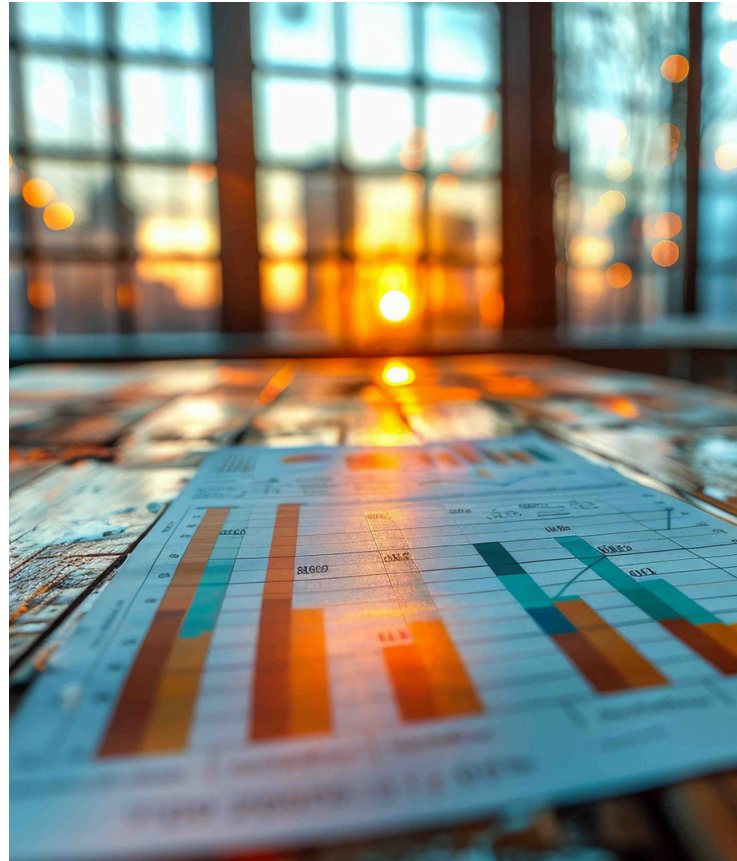

— Drew Weber, Momentum Telecom

"They analyzed and looked at the data in ways that I could not have done without TEOCO's help."

— Rob Sololewski, GTT Communications

"TEOCO is a very personable partner. They want to see us succeed and they are full of ideas on how to make that happen."

— Kari Medlin, Optimum Communications
